

DON'T BLAME the "Big Ditch" contractors for this cave-in at Orange Grove and Baldwin. The City of Arcadia was laying a water line over the drain when the rains came and washed away dirt and threatened to eat into the storm drain. Shown are the brothers Darnell and O. G. McClinton, construction workers for E. A. Irish Co., shoring up the sides to protect the drain from further erosion.

Battle of Deadlines Marks 'Big Ditch'

Construction workers began filling in the "Big Ditch" again this week, with Oct. 19 as the probable completion date in the downtown area.

The immediate fill-in will go as far north as Montecito, City Administrator Lawrence C. Bevington said. The remainder of the ditch will be covered as soon as possible.

Girl Scout Camporee

The first annual Fall camporee of the Sierra Madre Girl Scout Association will be held this weekend, Oct. 18 to 20, at Eaton Canyon Park (formerly Sierra Madre Villa Park).

The campfire will be Saturday night at 6:30 p.m. Troops will present skits or musical numbers, followed by a Juliette Low sing in honor of the birthday of the founder of Girl Scouts of America.

Troop 22, eighth grade scouts, will be in charge of flag-raising ceremonies.

20 Artists Enter Prize Exhibit

The entry list for Sierra Madre's third annual Purchase Prize showing of oil paintings has been completed. It was announced yesterday by the Exhibits Committee, Friends of the Sierra Madre Library.

Twenty painters will be represented. The winning painting will be purchased for \$400 by the Friends of the Library and given to the City of Sierra Madre.

The Purchase Prize exhibit will be formally opened Friday night, Nov. 1, with a reception from 8 to 10 o'clock at the Library. Judges are not yet named, but will include an art collector, an artist, and a teacher of art. The public also has a chance to vote.

Balloting will close Nov. 16. In the final decision, votes of the judges will count 40 per cent. Participating artists, the Exhibits Committee, and the public each count for 20 per cent.

The entries are: Flavio Cabral, Sueo Serisawa, K. Antoyan, Keith Finch, Robert Frame, Richard Haines, John Paul Jones, Dorothy Jordan, Roger Kuntz, Richards Ruben, David Schnabel, Jack Zajac, Edgar Ewing, James Jarvaise, Leonard Kester, Bentley Schaad, Martin Mondrus, Edward Bieberman, Leonard Edmondson and Herica Hartmetz.

October exhibit in the Sierra Madre Gallery is a one-man show of oils and lithographs by Hayward King.

Bush Asks Big Bond Turnout

Don't forget to vote in the \$300,000 school bond election Tuesday, Kenneth M. Bush, president of the Board of Education, reminded all residents yesterday.

SEE EDITORIAL.

Mr. Bush pointed out that although there appears to be little opposition to the bond issue, a two-thirds majority is necessary to approve the building of additions to Sierra Mesa to handle our growing school population.

"It is vitally important," Mr. Bush said, "that every registered voter go to the polls. A light vote could mean the defeat of the bond issue."

He also explained that even if the bond issue is approved, the new classrooms will not be ready until at least 1959, and by that time our present classrooms will be bulging at the seams.

polling places at Sierra Madre and Sierra Mesa Schools will be open Tuesday from 7 a.m. to 7 p.m.

Proposed construction includes six new classrooms, two kindergarten rooms and one multi-purpose room. This would make Sierra Mesa a complete unit including grades kindergarten through six. New facilities at Sierra Mesa also will relieve the load on Sierra Madre School.

Mr. Bush again reiterated the fact that approval of a \$300,000 bond issue at this time will cost the voters only 3.08 cents more per \$100 of assessed valuation than they now pay in school taxes.

Final Services Observed for Claude L. Heck

Claude Leslie Heck, 75, of 1521 N. Santa Anita Ave., Arcadia, died Oct. 10 in the Methodist Hospital, Arcadia, after a brief illness.

He was a member of the Brotherhood of Railway Trainmen. Recitation of the Rosary was held at Ripple Mortuary, Sunday, Oct. 13, at 3 p.m., with Requiem Mass on Monday at 9 a.m. in St. Rita's Catholic Church. Interment took place at Resurrection Cemetery in South San Gabriel.

Fund Drive Lags for Art Show Nov. 1

Donations to support Sierra Madre's Purchase Prize Exhibit starting Nov. 1 in the Library are lagging behind schedule, Mrs. Ted Velasquez, chairman, announced yesterday.

She urged all prospective contributors to send donations to Exhibits Committee, Friends of the Library, in care of Mrs. Ted Velasquez, Old Ranch Road, Sierra Madre.

At least \$400 is needed to enable the group to buy the award-winning painting which will be donated to the city.

Mt. Alverno Guild Meets Oct. 23 on Christmas Bazaar

The Mt. Alverno Guild will make plans for its Christmas Bazaar at a meeting Wednesday, Oct. 23, in St. Rita's Church Hall. The session will start at 10 a.m.

The bazaar will be held this year on Nov. 24 in the Monrovia Elks Club. All proceeds will go to a fund to build an addition to the Novitiate at Mt. Alverno, 675 W. Highland.

"ONE MAN SHOW"

Beatrice S. Hindele of Arcadia is presenting a "one man show" at Sierra Madre Woman's Clubhouse through the month of October.

Calling All Polar Bears — Free Swim Oct. 27

Members of any polar bear club in Sierra Madre will be welcome to take a free swim Sunday, Oct. 27, during the city-sponsored open house to christen the new pool in the water grounds.

Everybody, in fact, is welcome, either to swim or to partake of coffee and cake. Prospective swimmers should be warned, though, that the pool is not heated.

Official representatives of the city will be on hand to greet you, including City Administrator Lawrence C. Bevington, Mayor Charles H. James and city councilmen.

Burglars Get Mink, Jewelry

Sierra Madre police are investigating a \$2,300 burglary which occurred last weekend at the apartment home of Dudley D. Watson, 609 W. Sierra Madre Blvd.

The Watsons reported the burglary when they returned home last Sunday evening.

Missing are a string of pearls valued at \$250, a woman's lapel watch, \$150; a white gold ring, \$100; a pastel mink stole, valued at \$1,300, and two passports.

SGT. ROBERT HEASLEY who investigated along with Patrolman David Benscoter, said that entry probably was made through a sliding glass door, since all other doors and windows were locked and there were no signs that force had been used to get in.

Sgt. Heasley added that he was unable to get fingerprints because everything had been gone over by the Watsons before police arrived.

The jewelry was reported missing first. Later, Mr. Watson called police and said the mink stole was gone. Also missing, he said, were he and his wife's passports to South America.

Police questioned residents of neighboring apartments, but nobody heard any noises or witnessed anything unusual.

Plan City Halloween For 1,000 Youngsters

Parade to Park, Prizes in Offing

Nearly 1,000 youngsters are expected to don false faces and costumes for Sierra Madre's first community-wide Halloween Party Oct. 31.

Sponsored by the Coordinating Council and directed by the Civic Club, nearly every organization in Sierra Madre will cooperate. The idea is to give children something constructive to do on Halloween.

The traditional "trick or treat" activities, though, are expected to be continued.

THE PROGRAM will start at 6:30 p.m. with a goblin parade for pre-school children through the sixth grade. The parade will form in Kersting Court and proceed to the City Park where prizes will be awarded for the three most original costumes in each grade level.

In the City Park, children also will be guided through a spook house, receive a bag of treats and see a movie featuring three cartoons.

Teenagers will start their festivities at 8 p.m. in Pritchard Hall of the Congregational Church where games, refreshments, music and dancing will be featured.

PARTICIPATING will be the Wheelhaws and Juggers Car Clubs, supervision of the parade and the escorting of children to the party and City Park; Police, Fire Departments, traffic control; Recreation Department, lighting and public address system at City Park.

Also, Woman's Club, Fellowship group of Congregational Church, Roess Market, Garland's, Friendship Club of Sierra Madre, Nursery School, refreshments; PTA, Lads and Dads, Bethany Church, party at City Park; United Lutheran Mission, Congregational Church, Episcopal Church, Foothill Jewish Community Center, Lions Club, Kiwanis Club, teenage party.

Window painting is under the direction of the Chamber of Commerce.

Rescue Crew Takes Body From Canyon

A badly decomposed body, apparently the victim of an auto accident, was taken from Big Santa Anita Canyon below the Chantry Flats road yesterday morning by the Sierra Madre Search and Rescue Squad.

The body was first discovered Tuesday about 800 feet from a wrecked car by a County Flood Control crew of workers. It was about 1,000 feet from the road and almost completely hidden.

The County Coroner's office identified the victim as John F. Fisher, address unknown. The wrecked car had a Kentucky license plate.

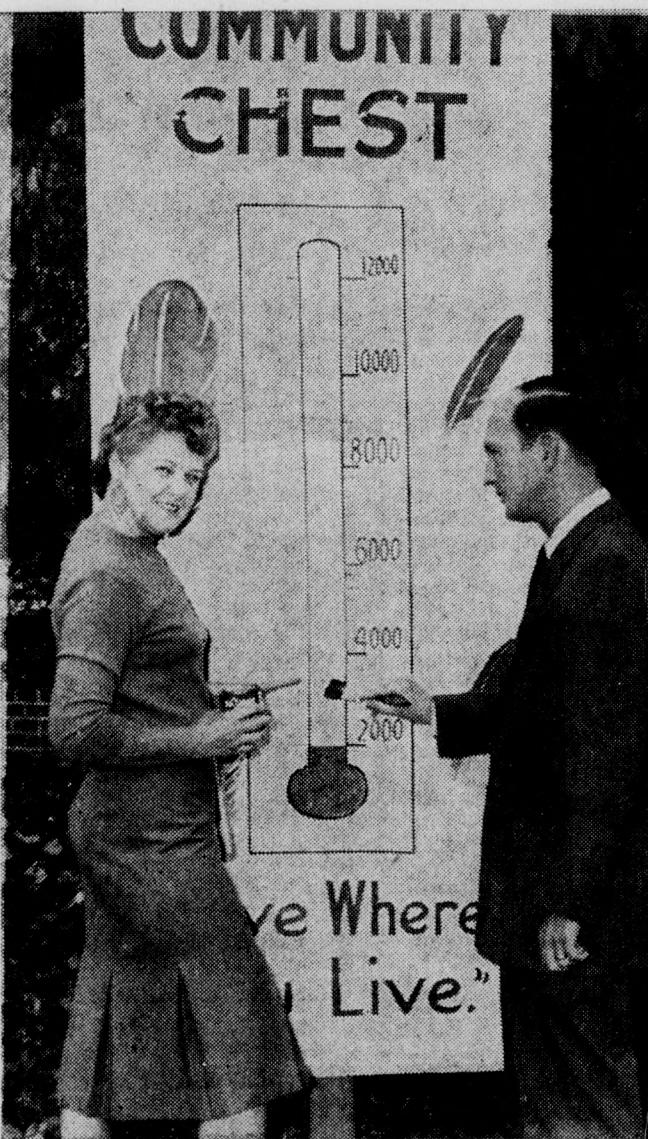

Members of the local rescue squad carried the body out in a litter this morning. Earl La Lone, who headed the squad, said the accident may have happened as long as a month ago.

Members of the Rescue Crew who participated are Earl, Fred and Bob La Lone, Minor Harkness, Howard Miller, John Grippi, Ray Lorenzini and Don Jackson.

Pack 381 Plans First Meeting

Ghosts and goblins will invade the Sierra Madre School cafeteria on Friday evening when cubs of Pack 381 meet for their first pack meeting.

"Halloween" is the theme for October and the dens are busy making costumes and masks. The meeting will start at 7:30, with Cubmaster Bert Embree in charge.

INCHING UP—The big Community Chest thermometer in Kersting Court climbed to the \$2,000 mark this week in the month-long Community Chest fund drive. Shown pointing the sign are Mrs. Frieda Shaw, precinct captain, and Dr. Paul Narocowich, chairman of the drive. The Red Feather goal for Sierra Madre is \$10,500.

Jazz, Ballet Feature PTA Extravaganza

Talent will be riding high at the second PTA Extravaganza on Friday and Saturday, Oct. 25 and 26, at the Sierra Madre School Auditorium.

Both performances will start at 8 p.m. and will be presented for adults and children.

This variety show of typical forms of American entertainment from Dixieland jazz to classic ballet will include skits, a Charleston chorus, a men's ballet, various musical numbers, and a big surprise, which the chairmen, Jim and Barbara Dunnagan, refuse to divulge.

Among the performers are: Lester Anthony, Jim Dunnagan, Bob Fisher, "Red" Waite, Jim Abernethy, Gardner Frye, Cliff Stowell, Mark Schaeffer, Hugh Worden, Cecil Hicks, Claude Brown, Ted Fessenden, Paul Narocowich, Don Colbert, Frank Barbour, George Lindsay, "Deke" Dietrich, Dick Tuchscherer.

Also, Betty Birch, Lois Riggs, June Fleming, Marilyn Narocowich, Lee Crehan, Ann Tyler, Kay Murphy, Mary Moyer, Myrt Waite, Leonard

Burwell, Helen Obazawa, Ed Hawkins, Lowell Jackson, Helen Hawkins, Rosa Cason, Mary Toms Ward and Phyllis Nordyke.

Working backstage will be: Make-up, Lydia Clardy and Wanda Goldie; costumes, Maxine Danowski; Ardis Fisher, Lois Hammers; props, Jack Creehan and Jack Walker.

The youth groups sponsored by the PTA will serve refreshments during intermission on Friday night, and the PTA will serve Saturday night.

Tickets are 75 cents for adults and 25 cents for children. They can be obtained from PTA Board members or at the door on performance nights.

**Mail Yule
Gifts Early,
Louk Urges**

If you want a package to reach its destination by Christmas, plan to mail it early. Postmaster Charles E. Louk warned yesterday.

Persons mailing packages to foreign countries should be particularly careful to mail them early, he added, since there may be delays in long sea transit and in customs inspections.

The postmaster also warned that articles for distant countries should be securely wrapped, since international mail is handled more often and is subject to greater pressure and friction.

He listed the following recommended schedule for foreign destinations:

Far East, mailed by Oct. 15; Africa and the Near East, Nov. 1; South and Central America and Europe, Nov. 10.

Vote 'Yes' on School Bonds

Next Tuesday, Oct. 22, Sierra Madre will decide whether they want a first-class educational plant or a second-rate system devoted by necessity to double sessions and to all the other headaches that accompany overcrowding.

For the question of a \$300,000 bond issue to build additions to Sierra Mesa School is as simple as that.

So far there has been little opposition to the bond issue. The reason, perhaps, is that logic is all on the side of the proponents.

If we don't build new school rooms now, the issue will certainly arise year after year. And each year's delay means that the price will probably be higher, classrooms more jammed, teachers more frustrated and the children less adequately taught.

The pleasant side of voting to increase your own taxes in this case is that the operation will be relatively painless.

In fact, if your home is assessed at \$5,000, the \$300,000 bond issue will cost you only \$1.54 a year more than you now pay. The reason:

The present bonded indebtedness of the Sierra Madre District is \$284,000, leaving the total bonded capacity at \$432,047.

Two issues, though, will be completely paid up in 1958. One now stands at \$9,000; the other at \$2,000. These, of course, will be taken off the tax rolls.

The 1956-57 tax rate for bond purposes is 25.92 cents per \$100 of assessed valuation. If the \$300,000 issue is approved, the rate would be 32 cents, or an over-all increase of 6.08 cents.

It should be remembered, however, that the Board of Education lowered the General Purpose tax this year by three cents. The net cost of the new bond issue, therefore, would only be 3.08 cents.

These figures clearly indicate that you can't afford to vote "No" in the bond election Tuesday. If you do, you can be sure you will have to pay more in the future. H.W.E.

Around the Square

By Harry Elwood

What with Dollar Days, the absence of Midge Parker and Marge Thomas plus a sack full of printing orders, the chore of putting out The Sierra Madre News seemed almost too much.

I seriously considered blowing up the place (after a careful perusal of the insurance policy), buying a green eye shade, arm garters and a corset to support my back, and applying for a job as a copy reader on the Los Angeles Times.

All things pass, though, except "Around the Square," which must be preserved in posterity or some other type of brine. So here we go "Around the Square," a poor sub for Midge.

PAUL LANDWEHR and his Real Record Co. (Pancho Lopez) has just released four tunes which, it is fer-

vently hoped, will be big sellers. The singer is Jack Daily, a handsome young man who should set the teenage heart a'throbbing.

Furthermore, Jack knows how to sing. The four numbers, all old-timers, are "Hello, My Baby," "School Days," "Red Wing" and "Cuddle Up a Little Closer."

The disks are on sale at The Music Shop in Sierra Madre. Also on sale there is another Real release, an album entitled "Music Hall Moods."

SHORTLY after Sputnik, the Russian moon, was launched into the outer atmosphere, a very excited lady burst into The News' office.

"What," she demanded, "is City Hall going to do about this?"

Lee Shippey asks
What Do You Think?

In my youth I could beat most amateurs at playing checkers, so I decided to master the game of chess. But I got all bewildered and befuddled by chess. It simply wasn't my cup of tea.

One of the things which surprised me was the fact that more chess champions come from Russia than from anywhere else. That knowledge made me quit thinking of the Russians as a stupid race which, by some accident, had managed to produce Tolstoy and other great writers, and some great musicians as well as outstanding chess players. Ever since then I've realized that a lot of Russians have powers of concentration and comprehension beyond anything I could imagine. I'm not so greatly surprised by their beating us to the launching of an earth satellite, yet I can't help recalling that at the end of World War II we were 10 years ahead of all other peoples of the earth in the conquest of space.

I AM SURPRISED, though, to note that people intelligent enough to create earth satellites, aren't intelligent enough to see that an armaments race can only end in destruction if not in extermination for all concerned. And no matter who says we're not in an armaments race, we all know we are. Some persons are demanding a special session of Congress—which will meet anyway in January—in evident fear we may be wiped out before then. Some of us are demanding all kinds of investigations and seem to feel someone should be boiled in oil. In fact, we're acting like an alumni association when a football team loses a game. But our mistake is that all our agitation is directed toward creating more and more power, which makes our potential enemies also agitate for more and more power. When we have to fight, generals who can win battles are fine, but the heroes we need are statesmen wise enough to make us and our potential enemies see that hot wars are insanity and even cold wars bleed us to death. Every general or politician who proclaims that we must get stronger than the Russians only spurs the Russians into greater effort to get stronger than we

are. For 12 years now we've been popping off, and what has it gained us? We can't ever win world peace by threats.

SO MANY nations now have nuclear devices it is surprising that so many persons, including some radio announcers, still call them "newkular" devices.

SPEAKING of names, the changing of the Los Angeles Angels into the Dodgers may mark the greatest descent since "Paradise Lost." And it won't help much to call 'em the Bums. How lucky Milwaukee was in getting the Braves.

READERS DIGEST last month called attention to the fact that we could build a lot more classrooms and pay a lot more teachers if we did not make many schools unnecessarily palatial. Spacious auditoriums are nice but are used less than once a week, on the average. Gymnasiums and stadiums often are far more costly than their uses justify. Schools should have all the essentials for education, both mental and physical, but taxpayers are so burdened that they should not be compelled to pay heavily for ornamentation.

Incidentally, I heard a Navy officer appeal by radio for contributions to a great amphitheater at our Naval Academy. A seat would be named for anyone who was ever in the Navy or Marine Corps, he said, if \$100 was donated and there would be a plaque if several hundred were contributed. Nothing was said about the merits of the persons to be so honored. I felt ashamed of our Navy for permitting that.

OUT OF
THE COBWEBS

44 YEARS AGO THIS WEEK, Oct. 16, 1913—Saturday night the "Perils of Pauline" will be shown at the Woman's Clubhouse. The price will be 10 cents for adults and 5 cents for children.

The school bonds were defeated at the election. There were 288 votes cast, 180 for and 108 against.

Mrs. Fred Sykes and her daughter, Miss Clara Sykes, of W. Highland, left for Los Angeles where they will spend the winter.

20 YEARS AGO THIS WEEK, Oct. 15, 1937—Shirley Shapiro, daughter of Mrs. Bertha Shapiro, 377 W. Montecito, and Kathleen Pulling, daughter of Mr. and Mrs. A. E. Pulling, 382 W. Montecito, have been appointed staff members of the Woodrow Wilson Junior High School newspaper.

Mrs. Woodson F. Jones, Mrs. Julia Shannon and Mrs. Herbert Davidson drove to Long Beach to spend the day with friends.

The expert needlework of Mrs. C. M. Cuddy, 658 Orange Drive, won first prize in Household Arts at the Pomona Fair, for her triad of embroidered towels.

10 YEARS AGO THIS WEEK, Oct. 16, 1947—Glen Burris, local tenor, will be heard Dec. 8 over the "Telephone Hour." He was selected by Enzo Pinza of the Metropolitan Opera Co. He is the son of Mrs. Percy Kortkamp, 460 W. Montecito.

Mr. and Mrs. C. W. Jones, 49 E. Alegria, spent a pleasant four days in San Diego last week.

Mrs. Sylvia Quittner, soprano, accompanied by Mrs. Sidney S. Hamill, presented a group of songs before the Washington Heights Club of Pasadena.

5 YEARS AGO THIS WEEK, Oct. 16, 1952—Noren Eaton, Sierra Madre attorney and city councilman, underwent surgery at Huntington Hospital.

Don Jackson and Fred La Lone left town on a deer hunt near Kernville. Word was received here this week of the marriage of Adele Doty, formerly of the Sierra Madre Bank staff, and George Wetherbee, son of Mr. and Mrs. A. H. Wetherbee, Sierra Madre, which took place Sept. 15 in Alaska.

Watch on the
Potomac

By Robert G. Spiwack

BEEP-BEEP—This week, naturally, everybody's been talking about "Sputnik," the little Russian whirly-bird that's been causing so much consternation and curiosity around the world.

A skeptical Washington correspondent was trying to figure out why the Soviets launched their earth satellite at this particular moment. "I wonder," he asked a friend, "if some of our arms manufacturers have the Russian scientists on their payroll. Nothing has given the U.S. arms industry a shot in the arm like Sputnik."

"You mean," shot back news-wit Ed Creagh of the Associated Press, "that what's good for the Red Army is good for GM?"

THIS, OF COURSE, was an off-beat reaction to the Soviet developments. Some noted U.S. scientists take a pretty grim view of the situation. The members of the executive committee of the Federation of American Scientists, which includes some of the ablest men in physics and allied fields, are urging the government not to allow the same thing to happen this time that happened in 1946.

At that time the Soviets refused, probably because they lagged far behind us, to make any agreements for control of the A-bomb.

"The opportunity for control of atomic energy in 1946 was lost and there was no turning back," the FAS scientists recall. "Failure to reach agreement may have been due to Soviet unwillingness to negotiate from weakness."

The see-saw history of the arms race over the past 10 years has proved that decisive military superiority is not obtainable from either side, and that security will only come through control of armaments."

In short, say the scientists, if any of the big nations horse around this time we're in for an era of "terrifying consequences," including push-button warfare.

THE PRESIDENT'S REACTION—In contrast to the sureness with which he handled the Little Rock situation, the President was ill-at-ease during newsmen's questioning about the Soviet earth satellite. At times he seemed bewildered.

Throughout the press conference the President was defensive. All he seemed able to talk about was money. How much was the defense program costing? How much have our satellite research and the work on the intercontinental ballistic missile (ICBM) cost? Billions, he said. He mentioned the high price of defense 14 times.

At one point he even made a slip of the tongue and referred to the 1957-1958 Geophysical Year as the "fiscal year."

All in all it was a disappointing performance. The President acted as if the old one-two punch the Russians threw at us really packed quite a wallop.

YET IF you read the headlines that came out of the news conference you would not realize that the President was so disturbed. Even the short, selected television excerpts from the press conference would not give a true picture.

Out of thousands of words spoken, the headlines stressed the one, more or less, positive statement the President had to say. "Now, so far as the satellite itself is concerned, that does not raise my apprehensions, not one iota."

To those attending the press conference, it was clear the President meant that the satellite was not going to fall on some city like an H-bomb.

But there was a little addendum to that comment which many reporters missed in the haste to get to the telephone.

THE SLEEPER—What most correspondents overlooked, mainly because the President said it as a sort of afterthought, with no emphasis in his voice whatever, was that the power to launch a satellite is the real danger.

... it does definitely prove the possession by the Russian scientists of a very powerful thrust in their rocketry, and that is important. ... the President said. It all adds up, of course, to one big question: Where do we go from here?

Mental Health and Faith Is Congregational Subject

The relationship of our faith to our physical and mental health will be considered in the sermon at the Congregational Church this Sunday as Rev. George W. Lindsay preaches on "Wholeness and Holiness."

The effect of the acceptance or rejection of the Gospel on the functioning of our bodies will be examined, and rules for greater health suggested.

The Chancel Choir, under the direction of Stewart Matter, will sing "The King of Love My Shepherd Is," with Helen Hawkins and Douglas Bolitho carrying the solo parts.

Services are held in the Sanctuary at both 9:30 and 11 o'clock, with church school at 9:30 and nursery care at 11.

THIS SATURDAY is "Workday for Christ" for the young people of the Pilgrim Fellowship of the Congregational Church. On that day, they will make themselves available to do any and all kinds of work, including cutting and raking lawns, spading gardens, washing cars, windows, floors, or babies.

Crusade Leader To Speak at Bethany Oct. 20-22

Norman Grubb, author and general secretary of the World-Wide Evangelistic Crusade, will be the speaker for a special series of meetings at Bethany Church on Sunday, Monday and Tuesday nights, October 20-22. The service Sunday night will be at 7 and the following meetings at 7:30.

Mr. Grubb worked under the leadership of one of the best known missionaries of all time, C. T. Studd of Africa.

He has been received by audiences everywhere as a man of unusual spiritual depth with extremely provocative ideas, both as to missionary venture and personal Christian progress.

He directs a mission which works in 35 different fields, with over 600 missionaries.

FRIDAY EVENING, Oct. 18, the Voyager's Club of Bethany Church is having a Halloween Party at the Church, commencing at 6:45 p.m.

There will be a prize awarded for the best costume, and all young married couples of the church, and their friends are urged to dress in masquerade fashion.

LUTHERAN MISSION BELL

"How lovely is thy dwelling place, O Lord of hosts! My soul longs, yea, faints for the courts of the Lord; my heart and flesh sing for joy to the living God." —Psalm 84:1-2.

AS WE POINT toward our first service on Reformation Sunday, Oct. 27, in the Sierra Madre Woman's Club, you may be interested in knowing that our Lutheran worship hour has supreme spiritual values for all sorts and conditions of men. People joining together in public worship keep their souls in spiritual good health. You will find our church has a weekly and seasonal rhythm which enables all of us to discipline, direct and enlarge our everyday individual experiences in a significant and constructive manner.

IN LUTHERAN WORSHIP pastor and people worship God together in a fellowship that is centered in the Cross of Christ. God speaks and gives to us, and we speak and give to God. In worship we cheerfully participate in the communion of saints. We use forms of worship which true believers of all ages have used. The service is both dynamic and dramatic. We express ourselves in song, confession, creed, prayer and meditation—and we leave refreshed and renewed in spirit!

THOUGHT FOR TODAY—God will forgive those who start late in life to serve Him, but He will not forgive those who quit early.

C-H-U-R-C-H spells church. But it doesn't mean anything unless UR in it. Some say "the church." Some say "my church." What do you say? Read Exodus 20:8-11.

Yours Faithfully,
REV. RAY E. HANSEN
United Lutheran Church
ELgin 5-3701.

Jewish Holidays End Today

The Cycle of Jewish holidays that started with Rosh Hoshanah will terminate with Simchas Torah, "Rejoicing of the Law," on Thursday, Oct. 17.

Services conclude with the reading of the five books of Moses, or the Torah, and then the reading starts again from the beginning. Simchas Torah started yesterday at sundown.

Rabbi Charles W. Steckel, assisted by Cantor Salo Blumenthal, will conduct services at 9 a.m. today, with special memorial services, Yiskor, at 10 o'clock, and evening rites, at which the children will participate, at 7 p.m.

Methodists To Show Luther Film

The first of a series of outstanding films being sponsored by the Sierra Madre Methodist Church will be "The Life of Martin Luther" to be shown at 4:30 and 7 o'clock next Sunday, Oct. 20, in the Sanctuary.

Many members, who saw the picture when it was being shown in local theaters, are planning to attend again with their families and friends.

Child care will be available at both periods, and a free will offering will be received to help defray costs.

St. Rita Women To Attend Retreat

The women of St. Rita's Church will attend a three-day retreat, Oct. 18-20, at the Sacred Heart Retreat House, Alhambra, under the supervision of the Carmelita Sisters.

Mrs. Jules V. Ruggles, 1723 Oakwood Dr., Arcadia, is retreat chairman.

Dr. Chilton C. McPheeters, minister, will preach on "For Such a Time as This" at the Morning Worship Services at 9:30 and 11 o'clock.

I've never thrown away anything yesterday that I didn't want today for use no later than tomorrow. We are invited to a costume party. I come up with an idea that will just fracture everyone. Gadzooks! The Salvation Army hauled away that deep-sea diving outfit just Monday.

Wednesday I hear from a friend whom I haven't seen in MONTHS! She's coming in with a bushel of tomatoes. (I suspect that by this time her own neighborhood is inundated with tomatoes.) I've finally fed the dog the family has come to recognize in every disguise, so I quickly run up a very tasty casserole out of a small (very small) can of shrimp and a pound of macaroni.

By evening I haven't a thing left to do while I soak that casserole, so I tackle the tomatoes. Along near midnight I'm all ready to bottle, and I sneak out like a nocturnal prowler to the garage, to bring in the jars. That's right. Did you ever try to store 16 quarts of tomato juice in a 12-foot refrigerator? I could have bathed in it!

The next morning with grim determination I diligently smoothed and neatly folded into a pile, all of last year's Christmas wrappings and went to the string drawer. I bet you think I was out of string. No! It was no trouble at all to tie together all those little pieces that come wrapped around the newspaper, and tie up the bundle. You never know...

THE SKIPPER Roster home at 3426 Barhite has been the scene of several parties recently. They held an open house for the staff of the Beneficial Standard Life of Los Angeles, and last Sunday 20 members of the Alumnae Chapter of the Tri Deltas has a potluck dinner with their husbands. A potluck consisting of barbecued steaks, that it.

MRS. WILLIAM Friedrich and Mrs. George Clark gave a stork shower last evening at the former's Barhite home honoring Mrs. Ben Rogers. The evening's entertainment was provided by identifying each guest from her baby picture. Raggedy Ann motif was carried out in the decorations and refreshments. Among the guests were Messdames John G. Gero, Gerald Ferracome, William Saunders, Charles Brinton, Arturo Gutierrez, Richard Pember, Ernest Maurin, Jim Germaine, Ralph Paquette, John Wiles, Richard Reidel, Harless Kitchens, Hubert Graf, Robert Gingrich, C. Wednesday before last a fire drill was held and it was the most quiet drill I've experienced in all my time at Marshall. The superintendent of schools was there to see the drill and was very satisfied.

BOB BRUNNER and his orchestra performed for the assembly last Friday and we were all bawling to his music which consisted of "Five Foot Two," "We Kiss in a Shadow," "Around the World in Eighty Days," "I'm Gonna Sit Right Down and Write Myself a Letter," "Sweet Old Fashioned Girl" and many other delightful tunes. Our assembly commissioner is sure doing a fine job.

Let's tune up our vocal cords. There's going to be a game tomorrow—if the weather is favorable. Good luck, teams!

Bye for now. See you next week.

'Mid-Way'
At Don Benito
PTA Carnival

The "Mid-Way" will arrive in the upper Ranch Nov. 2 when Don Benito PTA sponsors its annual carnival. When the day of the "big event" arrives, residents will see a caravan of strange looking apparatus approaching the school playground.

When the carnival opens at 10:30 a.m. these various pieces of equipment will be assembled into four rides for the amusement of all ages, from the youngest toddler to the eldest grandparent.

The rides will consist of airplanes, streetcars, chair planes and railroad trains, all of which have been safety tested as well as child and parent tested. In addition, there will be rides on "real live" ponies.

Other attractions will include six skill booths, a magic show, a cake-walk carousel and unlimited carnival food.

Residents in the surrounding areas are reminded to save the "big day" and participate in the fun-filled activities for every age.

Forty Couples Enter
Nursery Bridge Tourney

Forty couples have joined the annual bridge tournament sponsored by the Hastings Ranch Nursery School. Play has begun and will end May 12, with playoffs scheduled until June 1 to determine the champions.

Mrs. Harris Robison has again taken the chairmanship of the event, as she did last year.

Hastings Loses
Long Battle
To Oust Sears

Hastings Ranch home owners have lost their long battle to keep Sears, Roebuck & Co. from building a big store in the Ranch at Foothill between Rosemead and Michillinda.

They also lost their attempt to have their case tried in Los Angeles. It was Pasadena Superior Judge Jerald E. Well who denied residents' petition for a writ of mandate to keep Sears out, and ruled that the losers pay costs for the defendants, Sears, the City of Pasadena and the Murphy Bros., owners and developers of the property.

The suit was filed Nov. 23 of last year, after city directors granted a zone variance, permitting the store to build.

Home-owners who fought the variance maintain the store does not belong in an expensive residential neighborhood and will lower their property values; that the store will create a great traffic problem and be a general nuisance.

Still on file is a petition from hundreds of property owners in and out of Hastings Ranch, seeking establishment of an apartment house buffer zone between the store area on Foothill and Mayfair Drive homes. The petition asks that the question be placed on the ballot for the next Pasadena election.

William Etheridge, a former resident of Arcadia property, and attorney for home-owners in their fight, did not live to see the conclusion of the case.

He suffered a heart attack while attending a Coliseum football game three weeks ago and died later at Huntington Hospital. He is survived by his widow, Mrs. Lynda Etheridge, and four children, who now reside in San Marino.

Nursery School
Fashion Show

Saturday is the day of the fall fashion luncheon sponsored by the Hastings Ranch Nursery School. The time is 12:30 p.m. and the place is the Pasadena Athletic Club.

Tickets for the benefit are \$3.50. Models will show clothes from Lorraine Sutherland's Feminine Fashions in Alhambra.

Mrs. Max Marco is general chairman of the event.

Bridge Is Charming Game;
Nobody Understands It!

By Charles Ayres

It's claimed that the necessary ingredients of a competitive sport are (1) a hero and goat, (2) rabid rooters and (3) second guessing.

Such being the case there can be no question about contract bridge qualifying.

Analyze the ingredients one by one. In every game there is a hero, most generally that jerk across the table who lucked through on a grand slam with only 40 points in his hand. The goat is always the husband of the losing side and if you don't believe it recall how many times you've been called an old goat at the bridge table.

For the second qualification you can just as well leave off the rooster and hit it right on the nose. And no one has suffered the miseries of the kibitzer or post-mortem who could deny the second guessing requirement.

THE CHARM of this game is that nobody understands it. What started out to be a basically simple card game has been loused up by the experts to a point that it would blow the tubes of a mechanical brain.

Not that it's necessary to be a genius to play the game—only to play it right. The majority of those play-

ing today think a jump shift means to change partners.

Bridge also qualifies as one of the ruggedst of contact sports, although co-educational. It is the greatest single cause of the barked shin.

UNDOUBTEDLY one of the game's most attractive features is the simplicity of the equipment required. Armed with one table, four chairs, four ash trays, four glasses, one bottle of bonded lemonade, two decks of unmarked cards and four pairs of shinguards, you're fully equipped.

Like other games of sweat and blood there are time-outs and penalties. The time-outs occur at no pre-arranged time but generally when the dummy is reminded of the joke he heard at the office or the ice bucket needs filling. The penalty comes from the marital discord that's sure to ensue.

Garden Notes

Hyacinths Are Adaptable To Formal, Informal Setting

Hyacinths have a special talent for adapting themselves to either formal or informal settings. Their rich, heady fragrance makes them ideal for placing in scattered drifts throughout the garden. Moreover, the lovely bulbs have proven highly valuable used in formal beds for over 300 years.

The California Association of Nurserymen notes that early blooming hyacinths have been placed with equal success in the foreground of shrub borders, in individual masses and in small random drifts. The most familiar members of the family are the hybrids of hyacinthus

orientalis which the Dutch bulb growers have developed from plants originating near the Mediterranean.

During their wild craze for bulbs of all types during the 16th century, these Dutch growers often paid fantastic sums for each bulb. Today our bulbs, at reasonable prices, are far superior to these ancestral hyacinths.

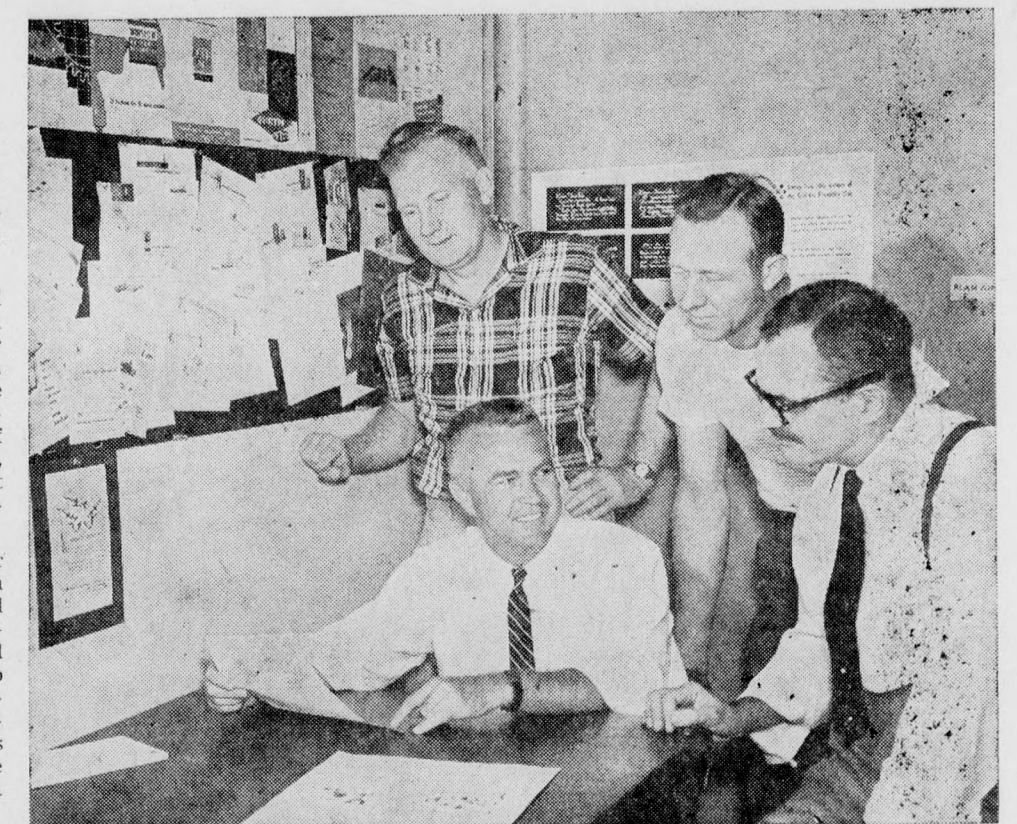

BLOOMING IN large, ob- They should be set about five inches deep on a two-inch layer of sand (to improve drainage) and surrounded and covered over with a light, enriched soil mixture.

A COMBINATION of sand and bone meal has proven very successful as soil for hyacinths. Organic material, like manure, can damage bulbs if it touches them. Regardless of the pattern of planting, formal or informal, hyacinths should be set at least six inches apart to allow for ultimate growth.

Gardeners in warm winter areas should use caution in watering, both before and after planting. Watering before the root system has had some opportunity to develop often results in short-stemmed flowers. Many gardeners in warm winter areas find it desirable to lay some mulch over the planting area to keep the ground cool.

Hyacinth bulbs should be taken out of the ground each year and stored until the fall planting season. After the flowers and leaves have become brown (not merely yellowed), the gardener should cut the tops off about four inches from the ground, then remove, dry and store the bulbs in sawdust or sand.

Right now is the time to plant the hardy hyacinths.

RICHARD CROOK, 501 1/2 Woodland Dr., Sierra Madre (seated at left), shows letter announcing \$1,000 award to P.A.P. (Printing, Advertising and Promotion). The award was made by Printing Industry of America Inc. for the best self-advertising campaign during the past year for printers and lithographers with 19 or less employees. The award also carries a statuette of Benjamin Franklin cast in bronze. Members of the Arcadia firm are, in addition to Mr. Crook, Edward A. Olson, Ray M. Klein and Frank A. Sheriff.

Problems of Old Age Aided by Mature Outlook

(Presented as a public service by the Foothill Branch of the Los Angeles County Medical Association)

Compulsory retirement plans of industry today pose a problem for the millions of people reaching older age. Many of the persons face a rather empty future for it is difficult to stop suddenly the mental and physical machinery that has been geared to business competition.

Taken away from his job, whether it be manual or mental, the individual finds too many hours in the day and too much time to do nothing. Wise is the person who foresees this inactivity by preparing himself with an avocation.

AGE IS more or less an individual problem just as it

is a normal growth pattern. Many persons at 30 suggest physical and mental characteristics of aging. Others at 70 may reveal a wrinkled skin which is offset by a sprightly walk and a mental agility.

Preventive medicine, through its control of many diseases that formerly took lives, is responsible for extending the life span. Today there are more than 19 million people over 55 years of age. With a greater aging population, new factors develop for their care because this group faces such degenerative diseases as high blood pressure, arteriosclerosis, cancer and arthritis.

The development of these conditions may slow up a person in advancing years, but age itself is not a debilitating factor. Again certain physical changes are natural sequences. Muscles and chest become smaller and the waistline larger. The

skin loses its elasticity and tends to wrinkle and to develop certain types of spots and moles. Hair is apt to become gray and thinner.

PERHAPS one of the greatest problems of growing old is the feeling that one is no longer needed, that usefulness is over. Everyone wants to be a contributing power, whether it be in business, the home or the community. The end of a long life of service and activity needs a compensatory substitute.

That is why the development of a hobby is encouraged. Accept the challenge of retirement by getting ready for it now. Maybe the younger years are the more productive ones, but wisdom and experience come with emotional maturity and there is great satisfaction in pursuit of an interest that will keep you happy mentally, and occupied physically.

Eight Teams Compete in PTA Circus

G. G. Zwissler, Former Resident, Succumbs at 90

James Robbins, 450 E. Grandview, Sierra Madre, is serving as co-chairman of this year's PTA Football Circus to be staged in the Rose Bowl Oct. 26 starting at 8 p.m.

For the 23rd year, the Circus, co-sponsored by the Pasadena Junior Chamber of Commerce and the Pasadena Council of Parents and Teachers, will provide funds for the welfare and student programs in Pasadena School District secondary schools. Robbins is general chairman for the Junior Chamber, with Charles Alexander, Altadena, acting in the same capacity for the PTA.

Action will characterize the three-hour show from start to finish. Included among highlights will be a flag football demonstration by hundreds of grade-school youngsters trained by the Pasadena Department of Recreation, a parade of bands with plenty of music, and a school spirit contest among student bodies.

The game itself, an East vs. West affair pairing evenly matched rivals, is actually one continuous game

George Gotlob Zwissler, a former resident here, died in Sierra Madre Hospital Oct. 2. He was 90 years old.

A native of Germany, Mr. Zwissler formerly lived in Chicago and later stayed with his daughter, Mrs. Edna Z. Vreenegeor, at 259 E. Carter, before the family moved to Covina.

Survivors, in addition to his daughter, include four sons, Herman, George, Herbert and Elmer Zwissler, all in the East, and six grandchildren.

Funeral services will be held in Forest Park, Ill., with the Ripple Mortuary Chapel in charge of arrangements.

with eight teams in action from starting to closing whistle. All six of the city junior high school teams plus the B teams from the two senior highs will compete in the cooperative benefit clash.

Tickets are now on sale at all junior high and high schools and will also be available the night of the Circus at the Rose Bowl. In charge of ticket sales are Mrs. Elmer Herman and Mrs. Stanford Downey. For some of the schools this is the sole fund-raising event of the year.

Basilio, Whitey Ford To Open Irv Noren Lanes

Area sports enthusiasts will get a new bowling house in their own backyard in the Irv Noren Lanes, where open bowling starts Friday on 32 AMF automatic alleys.

The Lanes, built by Irv Noren, Pasadena and Arcadia major league baseball star who is now playing with the St. Louis Cardinals, are located in the Foothill-Rosemead Shopping Center.

Besides the 32 alleys, also included are a billiards room, restaurant and coffee shop. Many other features are found, including a nursery so that mama can leave her young ones while she bowls. The Bahama Inn, a luxurious restaurant, is one

of the most modern.

Noren starred at Pasadena City College in baseball and basketball before signed by organized baseball. Teams he has played on include the Bakersfield, Hollywood, Fort Worth, Brooklyn, Washington, New York Yankees and St. Louis.
